VOL. CXXXVII.—No. 164. ALEXANDRIA, VIRGINIA, TUESDAY, JULY 12, 1921. PRICE TWO CENTS

ASK SENATE TO DEFER BONUS

Soldier Relief to be Only Subject Mentioned in Plea

SENATE DEBATES BILL

Legion Assails Plan For Delay, Calling Action Mere Subterfuge Interest Now $972,000,000

Washington, July 12.—President Harding plans to appear before the Senate tomorrow and ask for temporary postponement of the Soldier Bonus bill.

Plans for the President's address were discussed late yesterday by the Executive with Senator Lodge of Massachusetts, Republican leader, and Senator Curtis, of Kansas, Republican whip. It is understood that the Bonus bill will be the only subject touched upon in the address and that suggestions for a joint address to the Congress or the transmission only of a message have been abandoned.

The President, it was said, had expected to address the Senate yesterday, but was prevented by pressure of other business. He is now expected to speak in the Senate Chamber tomorrow afternoon, but if delayed further it is expected that he will do so not later than Wednesday.

Decision to Address the Senate on the Bonus bill at the earliest opportunity was reached by the President in conference with the Republican leaders at the White House while the Senate was debating the measure. Senators Lodge and Curtis were said to have given him assurances that a motion to recommit the Bonus bill would be adopted. At the conference the entire legislative situation was said to have been discussed, although it was added that the President in speaking to the Senate would not discuss tariff or tax legislation.

When the Senate resumed consideration of the Soldier Bonus bill yesterday, Senator Norris, Republican, Nebraska, introduced an amendment directing the Secretary of the Treasury to collect interest on Allied debts, the fund to be set aside to pay the bill's expense.

"Why is it the governments cannot pay their interest?" Senator Norris asked, adding that in some cases it probably was impossible and in few instances that the entire loans would be lost.

"But in the main the foreign Governments are paying interest on their own bonds just as we are," he said.

Senator Norris said he was advised by the Treasury that accrued interest on the foreign loans on May 15 was $922,000,000. Greece and Cuba alone, he said, had paid all their interest.

Senator Watson, Republican, Indiana, objected to the provision of the Norris amendment directing the Secretary of the Treasury to collect the interest due on foreign loans, explaining that the provision might be a direction to do the impossible.

Senator McCumber attacked the Norris amendment, declaring he could see no reason why the receipts from the foreign loans should be applied to any specific indebtedness.

Senator Wadsworth described as "a grave mistake" the institution of the system whereby men in service during the World War were compelled to turn over a portion of their pay as allotments to their dependents. To rectify that mistake he proposed that the Government refer to the men the money turned over for allotment purposes. He said he had been advised this would amount to about $850,000,000 and would benefit those most needing a bonus.

Designation of the pending bill as an adjusted compensation measure was described by Senator Wadsworth as misnomer, because, he said it would distribute cash indiscriminately and without regard to need.

Plans to delay consideration of the bonus measure were attacked by the legislative committee of the American Legion in a statement last night. It referred to the letter of Secretary Mellon urging that consideration be deferred as "intellectually dishonest."

Chautauqua Open

Large Attendance Despite Rain—Excellent Program

Amid a downpour of rain the third Alexandria Chautauqua opened its sessions under the big tent yesterday afternoon, but even this did not dampen the ardor, and enthusiasm of the Chautauquans who had gathered to greet the new Superintendent, Rev. Joseph Schubert, who with his genial smile immediately won his audience after a brief introduction by Samuel W. Pitts, chairman of Alexandria's Chautauqua guarantors.

Seldom if ever, has an Alexandria audience had its privilege of enjoying two such delightful musical programs as those presented by the four artists who contributed to both the afternoon's and evening's entertainment. Miss Georgia Price as harpist won much applause by her delicate interpretation and masteny of that wonderful instrument which is so seldom heard by local audiences. Miss Ballein pianist, showed her unusual talent, with several numbers especially the composition of Rachmaninoff which appeared on her evening program.

As an encore the old fashioned music box was delightful. Miss Melrose, soprano, pleased all by her clear, true voice and her splendid rendition of all her numbers. As a reader of exceptional charm and merit we are sure Miss Katheline V. Fehnestock has few rivals. Her impersonations were exceptionally well done and were thoroughly enjoyed by all.

The decturer of the evening program Elliott A. Boyl, won his audience from the start, and under the title of "The Advantage of a Handicap" made a stirring appeal to youth to overcome all handicaps whether physical or financial and secure the privileges of an education.

At the close of the afternoon program the Junior Chautauquans organized with the following officers elected to serve for Junior Town:

Mayor Thornton Goods.
Clerk, Edwina Carver.
Commissioner of Law and Order, H. Burdge Caton.

The Boston Musicians Quintet will furnish the music for the afternoon and evening Chautauqua sessions today and tonight Dr. Frank Bohn will lecture on "All the World and Ourselves.' Tomorrow, Wednesday night, the Comus Players will present a feature program, the comedy drama "Nothing But The Truth."

Appeal For Playgrounds

Need Funds to Further Work—Thank Participants in Entertainment

Members of the Friends' Playground committee wish to thank all those who helped to make the entertainment given for the benefit of the playgrounds a success, especially those who took part in various acts presented. The funds realized from the entertainment will go toward purchasing equipment for the grounds which is regarded as absolutely necessary for a well regulated playground.

The purchase of this equipment is expensive, as only the most substantial kind will stand the wear and tear incident to use in a general playground and remain safe for use. Iron slides, swings etc., are usually used All equipment secured must be selected with care for its safety and durability.

The association now needs several hundred dollars additional to purchase a few of the articles most needed at the grounds and they appeal to the citizens in general to come forward and help the committee in securing the necessary outfit by either donating money or giving some of the articles needed. Any contribution may be sent to Mrs. Taylor Burke, treasurer, or any member of the committee.

There are few persons in Alexandria who know that the grounds around Washington school for boys on the east side of Washington street between Wolfe and Wilkes streets, which Gen. Washington donated by will to Alexandria for a public school were used for a playground seventy-seven years ago and that today there are 4,000 children among us. They urgently appeal to the citizens to do something to help provide an attractive place for the little ones in order that they may be kept off the streets. "Let These Little Children Come Unto Me" was the command of one who loved them.

CITY MANAGER PLAN PETITION READY

Soon to be Presented to Court Calling For Election October 3

DISCUSS ROAD WORK

Directors of Chamber of Commerce Protest Against Removal of Medical School for U. of Va.

It was announced yesterday after noon at a meeting of the board of directors of the chamber of commerce that the required number of signatures had been obtained to the petition circulated calling for a special election on the city manager plan form of government, and it was stated that the petition probably will be presented shortly to the judge of the circuit court of this city. Judge S. G. Brent will be asked to call an election for the purpose of having the freeholders decide this question October 3.

Another matter of importance discussed by the board of directors was the diverting of the Little River Turnpike road as part of the Lee Highway and it was explained that the order of improvements cannot be changed without a special act of the legislature.

A resolution was adopted protesting against the proposed removal of the University of Virginia Medical School from the University to Richmond. The question of the establishment of a ferry service between this city and the Maryland side of the river, known as Fox's ferry it was announced has taken definite shape.

George H. Evans, business manager of the chamber of commerce, made a report on the development of back country resources and expressed hope that much good would result from the efforts along this line

A resolution was adopted in the interest of disabled soldiers and their families.

Dr. Chester A. Amos, of Rosemont, was elected to membership. The board of directors adjourned till September.

Police To Collect

Start After Unpaid Merchants' License Taxes Monday

Mayor J. M. Duncan announces today that on and after next Monday the members of the police department will begin collecting all unpaid merchants' license taxes. All who have not yet paid are advised to do so by the mayor. The bills unpaid will be placed in the hands of the policemen next Monday. These licenses were due and payable June 1.

Body From Overseas

Sergt. Cyril B. Mosher Was Well-Known Here

Word has been received here of the arrival at Hoboken N. J., of the body of Sergt. Cyril B. Mosher, Battery D. 12th Field Artillery.

Sergt. Mosher, who had many friends in this city, was killed in action on the morning of June 18th, 1918, at Chateau Thierry. His remains will be forwarded to East Greenwich, R. I., and buried with military honors by the American Legion and Vanrum Continentals.

Officers Installed

Knights of Pythias Officers Take Places

The following newly elected officers of Oriental Lodge No. 6, Knights of Pythias, were installed last night by Past Chancellor J. T. Luckett, acting deputy grand chancellor C. H. Pentleton, chancellor commander; Joseph Reeves, vice chancellor; G. H. McInturf, prelate; W. D. Jannier, master of work; Elmer Norris, K of R and S. S.; Henry Arnold, master at arms; George W. Bontz, sr., master of exchequer; L. D. Sullivan, master of finance; L. M. Davis, inner guard; J. H. Mansfield, outer guard.

James Haynes was elected representative to the grand lodge and W. D. Jannier, alternate to representative.

VIEWS GIVEN BY TWO CANDIDATES

Reply to Letter Sent By Chamber of Commerce

HIGHWAY TO VALLEY

Responses From Chas. Henry Smith and Capt. E. W. Jordan, Candidates For Legislature Published

The Chamber of Commerce is anxious to see the highway between this city and the Valley of Virginia improved. It is working hard toward this end and it is still continuing the fight and hopes to have its efforts rewarded shortly. With this object in view a letter recently was sent out to the various candidates for the state legislature to obtain their views on the subject and the letter sent by the chamber of commerce and the replies received from Charles Henry Smith and Capt. E. W. Jordon follow:

June 24, 1921.

Dear Sir:

This organization, in conjunction with the other interests in our city, has worked very hard for nearly four years for the highway from here to the Valley of Virginia which is now a part of the State Highway program as agreed upon by the General Assembly.

There are many reasons why this highway is important to Alexandria, but the main reason is that it opens up such a splendid farming section to this community.

If you will make a study of our local conditions you will find that we have a city of about 20,000 people with a very restricted outlying farming section. This means that our entire population fails to enjoy the benefits obtained from securing food stuffs and other products direct from the farms and you can very readily see what it will mean to this city to be put in direct touch with Fairfax, Loudoun, Fauquier and Clark counties and the Valley of Virginia by modern motor truck lines over a good highway.

This is a matter of such great importance to this entire community that we are asking the different candidates for the House of Delegates if they will advise us what their position would be, if elected, in case any change from the present program should be agitated.

We would greatly appreciate a definite expression of opinion from you on this subject.

Yours very truly,
W. A. SMOOT,
President.

June 25, 1921.

Alexandria Chamber of Commerce,
Alexandria, Virginia.

Dear Sirs:

Attention: Honorable W. A. Smoot, President.

I am in receipt of your communication of the 24th instant requesting a definite expression of opinion from me on the subject of the proposed change of plans with regard to the improvement of the highway leading out of Alexandria to the Valley of Virginia, following the course of the Little River Turnpike, which, I believe is designated as Route No. 6, of the Virginia State Highway Commission's program of roadbuilding in this State.

I thank you for this communication and assure you that I am pleased to give you a definite promise in that regard.

While it is true that I have not been in Alexandria City for a great number of years, yet I came here with the fixed purpose of adopting Alexandria as my permanent home. I have cast my lot with its people. I have invested what little money I have with and among the people of Alexandria and I have done everything that I know how to do to show my good faith in coming among you. My interests is here. My business is here. My friends are here and I stand unalterably for anything which tends to make a better and greater Alexandria.

I unqualifiedly and unhesitatingly state that I am absolutely opposed to any proposed change in the routing of Route No. 6, as formerly designated.

TORCH APPLIED FACTIONS CLASH

Frequent Outbreaks Again Occur in Capital of Ulster

OFF FOR LONDON

Conference With Lloyd George Will Open Thursday—Officials Are Optimistic That Pace Will Result

Belfast, July 12.—Incendiarism, which was one of the worst features of Sunday's disorders, increased last night, there being frequent outbreaks. A fire at Short Strand, where the corporation stores are situated, was quenched, but several spirit groceries in the Leopold district were burned out. The police were fired upon last night in York street, but no one was hit.

There was much excitement throughout the evening, with revolver and rifle firing in several districts. No serious casualties have been reported. Several persons however, had to be taken to hospitals for the treatment of injuries from assaults other than shooting. The fire brigade was called out to 14 fires.

In the extent of material damage to property, Sunday's rioting here can be compared to that during the Dublin rising in 1916. A fierce and savage spirit animated the factions throughout the whole day and evening and large areas of the city were swept by revolver and machine gun fire.

From the confusion of conflicting accounts printed by the various party newspapers an attempt to impute responsibility for the disturbance can not be made, but it is clear it was a three fold fight between Sinn Fein and Unionist snipers and Crown forces.

Special Uister policemen declined to continue on street duty yesterday as they have been denied permission to carry arms. During the afternoon an officer attached to military headquarters was attacked while passing through the Falls district and his revolver was taken from him. A procession of Orangemen passing through York street was attacked by a party of men with guns. They came boldly into the open, but their volleys proved harmless.

London, July 12.—"I will be in London for a conference with you on Thursday next.

This telegram to Prime Minister Lloyd George was read to the House of Commons this evening amidst wild cheers from the members.

The Irish delegation to leave Dublin today, accompanying Mr. De Valera, will include Arthur Griffith, Robert Barton and Austin Stack. Mr. Barton, who has just been released from a British prison, is a Wicklow land owner. Formerly he was in the British Army and now he is the "minister of agriculture of the Irish republic." Mr Stack is the "republican minister of home affairs." He has ben imprisoned several times and on one occasion made a sensational escape from Manchester jail.

(Continued from page two)

BUSINESS WOMEN TO GIVE DINNER TONIGHT

The July meeting of the Business and Professional Women's Club will be held tonight in the chamber of commerce auditorium, with supper served promtply at 6:30 o'clock. The change of hour is to allow any who care to attend the Chautauqua to do so, as the meeting will be strictly a business session.

No program has been arranged, though business of importance is to be considered and members are urged to be on hand at the hour designated, 6:30 p. m.

The zenith in punctilio has been received by the New Vendome Hotel, of Evansville, Ind. Only gentlemen wearing belts are permitted to remove their coats."—New York Illustrated News.

Guff—"Some bandits robbed the bank and escaped in your car."

Nuff—"Robbed the bank? Well, then, maybe they can afford to run the car."—The American Legion Weekly.

Ready For Camp Trip

Pioneers to go to Camp July 26—May Be Permanent Camp

Camp Rust may become a permanent camp the Y. M. C. A., has just announced. This announcement came as a result of a conference in Washington yesterday between the secretary of the Y. M. C. A. and David N. Rust, Jr., the proprietor of Rock Creek Dairy Farm on which the camp is located.

Secretary Wallace was arranging final details of the Pioneer camp which begins July 26 and closes August 5 at Camp Rust, when he unfolded his ambitions for a permanent camp which would accommodate many groups for years to come. Mr. Rust then advised a thorough trial of the camp site this year with the statement that if Mr. Wallace was well pleased with it as he hoped he would be, he would gladly give his consent for a permanent camp.

Should the camp be made permanent Mr. Wallace states that not only the Y. M. C. A. camps will be held there for all ages but Sunday school and young people's society conferences and other groups would be invited Electric lights will be installed, permanent shelters erected, and the place made ideal for such camps and conferences.

It is proposed, however, not to thoroughly "civilize" the camp by making it a small village or settlement, but rather to keep it wild and natural in its present state which is certainly most beautiful. Fishing, hunting and swimming are all possible and there is an abundance of open space for all kinds of camp activities. Mr. Wallace states that the camp can easily accommodate two hundred with little additional equipment.

TWO MYSTERY SHIPS REPORTED IN ATLANTIC

New York, July 12.—Two reports of strange happenings out on the Atlantic were brought here today by steamships. The little Norwegian freighter Fort Morgan came into port raked and torn from a collision south of Diamond Shoals with an unknown schooner that was sailing without lights, her officers said. Then the British freighter Croxteth Hall reported that a mysterious steamer, running without lights circled around her 750 miles southeast of Halifax and vanished in the night without giving her identity.

It takes quite a ship to sail around the Croxteth Hall, which was formerly one of the German freighters and steams along at 10 knots and better. She came from Antwerp Her master, Captain Spence, said the stranger which appeared to be a small freighter, was first sighted ahead, showing a stern light. The Croxteth Hall caught up with her and the latter suddenly veered off and robbed astern. Then the stranger with a burst of speed, came right at the Britisher and passed up around her. The red and green running lights of the strangely acting vessel were not burning and when the Croxteth Hall first overhauled her the stern light disappeared.

Repeated efforts were made by Captain Spence to signal the other vessel by flashlight code and wireless but she did not answer the inquiries for her identity. She ran with the Croxteth Hall for a time and then moved off out of sight.

The Fort Morgan had her funnel torn down and wreckage strewn about her deck from her collision. She brought a cargo of bananas from Jamaica. When she came steaming up the coast without a funnel the men on the pilot boat could hardly believe their eyes.

When she was 60 miles south by east of Cape Hatteras, at 8:30 p. m. Saturday, a sailing vessel without lights was passed. Half an hour later the lookout sang out: "Ship off port bow, sir." Capt. Erling Hervig was in his bunk and Chief Marcus Barstad was on the bridge.

It was seen that the sailing vessel was without lights and the night was dark. The Fort Morgan's helm was put over hard and she tried to get away, but the sailer came on. Her high jibboom struck the port end of the steamer's bridge, tearing that side of the bridge away. It raked aft, ripping out part of the officers' quarters. Fortunately, no one was asleep there. The jib-boom next caught the steamer's funnel and mowed it down, together with the mainmast. The Fort Morgan careened and her electric lights went out.

CONFERENCE IS BELIEVED ASSURED

Lloyd George Tells Commons Empire Pleased With Invitation

FOR DISARMAMENT

Scope of Parley Undetermined—Amity With United Stalls British Aim Says Premier

Washington, July 12—The suggestion of President Harding looking to a disarmament conference at Washington was expected by officials here today to meet a ready response from the capitals of the powers concerned The probable attitude of the powers toward such a proposal, it was said, was sounded in advance through American embassies and legations abroad, and the impression was gained that replies to formal invitations to such a conference would prove favorable.

Tending to confirm this belief, in the opinion of officials, was the statement of Premier Lloyd George in the House of Commons today welcoming the initiative of President Harding in the matter.

In the preliminary questioning through American representatives abroad, it is understood that the Far Eastern question was mentioned to ascertain if this would be considered as a proper subject for discussion in connection with consideration of disarmament. It has been indicated that as a result the impression was given that this question would be treated prominently in the conference program.

The scope of the proposed conference, however, is understood not to have been definitely determined while the details of organization will be left until formal acceptances to the invitation have been received. In this connection, it was said today that before the conference actually meets there may be some definition of the subjects to be considered and an understanding given of what the powers consider their special interests.

No date for the gathering has as yet been set, nor has the American representation to the conference been determined, although it is believed that Secretary Hughes may head the American delegation. Whether any decisions reached will require special treaties or other forms of agreement is a subject which officials have indicated is too early for discussion.

London, July 12.—Premier Lloyd George in a lengthy statement to the House of Commons yesterday gave a full and frank explanation of the steps leading to the proposed conference for the discussion of armaments. The first principle of the British policy, he declared, was friendly co-operation with the United States.

"We are all convinced," said the Prime Minister, "that upon this, more than any single factor, depend the peace and well-being of the world."

The initiative of President Harding with respect to an international conference on the limitation of armaments had been received with the utmost pleasure by Great Britain, said Mr. Lloyd George, and he added that he spoke for the Empire as a whole.

At the same time Great Britain desired to maintain close friendship and co-operation with Japan, which harmonized the influences of the two great Asiatic powers and constituted an essential safeguard to the well-being of the British Empire and the peace of the East. The "open door" in China was another aim of the Government, together with opportunities for peaceful progress and development of the Chinese.

Norfolk—Lack of funds has caused the Norfolk navy yard to operate on half time beginning Monday. Two thousand men have been laid off for nine days under present plans, but the layoff may be indefinite unless the deficit at the navy yard is made up within that period.

Bristol—Record crowds are continuing to attend the revival meetings being conducted by Rev. "Billy" A. Sunday, famous evangelist at Norton, according to advices received here. It is estimated that 1,200 have "hit the sawdust trail" since the services opened.

Alexandria Gazette AND VIRGINIA ADVERTISER

PUBLISHED EVERY AFTERNOON Except Sunday By the Alexandria Gazette Corporation 317 King Street, Alexandria, Va.

THEODORE HARRIS, Editor

Entered at the Postoffice at Alexandria, Virginia, as second class matter.

TODAY'S THOUGHT There is no better motto which culture can have than these words of Bishop Wilson: "To make reason and the will of God prevail."
Matthew Arnold.

Rate Increase Final.

The State Corporation Commission has followed the ruling of the Interstate Commerce Commission and granted the Washington-Virginia Railway Co., its petition for increased fares. It seemed to be the general impression of those who attended the hearing that the railway company would attain its object.

It remains now to be seen whether or not its array of figures will be verified, its estimates carried out and its argument sustained. In obtaining its previous raise in rates it made much the same argument, bolstered by an equal array of statistics it presented as genuine; but the final results proved the former fallacious and the latter so far from correct as to be absurd.

We are of the opinion that the Company's arguments in the present instance will prove equally illusive and its figures fully as erratic and misleading. The Gazette warned the Railway management early in the controversy last winter that it was building on false premises. If present indications are to be believed, the increase in fares will not begin to compensate for loss in travel. This is mere mathematics, however, and the real detriment to the Company's business will come in the loss of good will and popular support which every public utility must have in order to operate successfully.

If our prediction proves correct, and the corporation still finds it impossible to pay those fixed charges which must be met, then the only resort is that which the present management has sought so strenuously to avoid—a receivership.

But in the meantime the public will have borne the burden of a series of disastrous experiments. It will have paid out thousands upon thousands of dollars in increased fares that will neither have benefited the moribund corporation nor have given the people an improved service for its sacrifice. This is the ugly feature of the whole matter. The money paid out for higher fares will have been wasted and neither Railway Company nor public be the gainer. A wastage will have befallen with no adequate compensation.

We have before intimated to the Washington-Virginia Railway Company that their proper policy is to cultivate by all means the best of will and friendly feeling on the part of the public. If there has been any disposition to consider the welfare of its patrons up to this time, financially or otherwise, we have failed to observe its manifestation.

NEWS IN THE GAZETTE 108 YEARS AGO

ALEXANDRIA GAZETTE
Commercial and Political

Published Daily by
S. Snowden and J. D. Simms
Royal Street, Alexandria

SATURDAY, JULY 10, 1813

On the 28th of April, 1811, the French tyrant issued his repealing decree—I will read it to the House:

"Palace of St. Cloud.
28th of April 1811.

NAPOLEON, EMPEROR OF THE FRENCH, ETC.

On te report of our minister of Foreign Relations:

Seeing by a law passed on the 2d of March, 1811, the Congress of the United States has ordered the execution of the provisions of the act of non-intercourse, which prohibits the vessels and merchandize of Great Britain, their colonies and dependencies, from entering into the ports of the U. States.

Considering that the said law is an act of resistance to the arbitrary prellensions consecrated by the British orders in council and a formal refusal to adhere to a system invading the independence of neutral powers and of their flag, we have ordered and do decree as follows:

The decrees of Berlin and Milan are definitively and to date from the 1st November last, considered as not existing in regard to American vessels.

NAPOLEON."

The gentleman from South Carolina (Mr. Calhoun) has avowed that "although France should repeal or modify her decrees, so as they should cease to violate our neutral commerce, the English government would not repeal or modify its orders in the same manner."

(The above are extracts from a speech by Mr. Grosvenor, on Mr. Webster's Resolutions in the House, July 9, 1813.)

TYPHOID FEVER AND CHLORINATION OF DRINKING WATER

Washington, July 12.—How a community, by too strenuous protest against an unpleasant but transitory condition, can condemn itself for years to an annual recurrence of disease, is strongly brought out in a report by Dr. R. G. Perkins, of the Cleveland Division of Health, recently reprinted by the U. S. Public Health Sevice.

Cleveland, says the report, obtains its water through two cribs placed 4 1-2 miles out in Lake Erie and delivers it through two pumping stations, at one of which it is filtered and at both of which it is chlorinated.

Chlorination was begun in 1911, when the growth of the city and the increasing pollution of the lake water made treatment essential. After numerous experiments the "dosage" of chlorine necessary to make the water safe was determined. This amount was added and the typhoid curve fell with unusual sharpness. Unfortunately, conditions compelled the delivery of the doctored water through the mains in some parts of the city so shortly after it was treated that the use of chlorine was still apparent.

Much complaint followed, but was dying out when, early in 1912, a flood in the Cuyahoga River, which enters the lake at Cleveland, carried sewage and trade wastes out into the cribs, through which they reached the city mains. The trade wastes gave to the water an unpleasant taste, which everybody promptly blamed on the chlorination.

The mayor bent beneath the storm of protest. By his order the "dosage" of chlorine was reduced and during the ensuing nine years it has never been high enough, the report says, to fully counteract the ever-present pollution in the raw water.

The typhoid bacillus in drinking water is very difficult to find by laboratory methods, but the finding of sewage pollution is always considered as a warning of its possible presence.

In 1918, in the effort to better conditions, a filtration plant was put into service at the larger pumping station, which handles nearly three-fourths of the city consumption. Laboratory tests, however, show that sewage pollution is present in the unfiltered water in the city mains nearly half the time and in the filtered water from 8 to 22 per cent of the time.

In 1918 and in 1920, when these tests showed the water to be badly polluted, the number of cases of typhoid fever in the city that could not be traced to any cause other than the water was double those that occurred in 1919, when the tests showed the water to be much better. From this the report argues that the pollution of the water and the amount of typhoid fever are directly related; and that when the pollution is reduced to a minimum, as the report says that it can be by existing facilities, typhoid fever in the city will be very greatly reduced.

It should be added that the engineer of the water division of the city, a man whose experience the report concedes to be large, finds himself unable to admit that the untraced part of the rise of typhoid in Cleveland in the summer is due to water pollution.

AMUNDSEN'S SCHOONER FOUND IN THE ARCTIC

Washington, July 12.—Captain Roald Amundsen's exploring schooner Maud, has been found in the Arctic Ocean by the Coast Guard Cutter Bear and is now safe at Whalen, Siberia, the Coast Guard Service was advised yesterday by radio from the Bear. The message said that as soon as the weather moderated, the Maud would be towed to Nome, Alaska.

The Bear was dispatched from Nome some time ago to search for the Maud, which Captain Amundsen reported on his arrival at the Alaskan port was stuck in the ice off the Siberian coast. So far as was reported the Maud was undamaged.

LLOYD GEORGE LIKELY TO ATTEND PARLEY IN WASHINGTON

London, July 12.—Premier Lloyd George may visit the United States to attend some of the meetings, at least, in connection with President Harding's proposed conference, according to the Daily Mail.

Special Bargain

Braddock Heights on west side of Russell Road. Owner leaving city for the west. Must sell by August 1. Seven rooms, bath, concrete cellar, electric lights and all other modern improvements. Garage and large beautiful lot.

TROUSERS FOR WOMEN CONCEDED IN WISCONSIN

Madison, Wis., July 12.—Wisconsin women gained every right possessed by male citizens under civil law, when Governor John J. Blaine yesterday signed the bill making this State the first in the Union to extend full legal equality to its new voters.

The Governor, with a black quill pen given him by the National Women's Party, attached his signature to the measure which removes every restriction, even giving women the right to "wear trousers and chew tobacco," as Senators said in discussing the bill in the Legislature.

KITTEN WITH 4 HEADS BORN ON N. Y. FARM

New York, July 12.—On the farm of Howard Keefer, in Wayne, N. J., near Suffern, a four headed kitten was born yesterday. It was found in a barn in the hay.

The anatomy of the freak is such that only two of the heads can nourish at a time. The fact, however, that all the heads are developing equally leads to the belief that all 4 are similarly nourished from the single stomach. Mr. Keefer has refused many offers for the freak.

15 N. Y. 'PHONE GIRLS GET BRAVERY MEDALS

New York, July 12.—Fifteen employees of the New York Telephone Company were included in the first award of the Theodore N. Vail Memorial Medal in bronze, it was announced yesterday. The medals are presented for "extraordinary presence of mind while on duty," for "extraordinary bravery," or for heroism.

Most of the awards went to the employees, who through their presence of mind had brought about the saving of lives, either by calling for help when they heard of danger or by going to the rescue themselves.

AH! EPSOM SALT LIKE LEMONADE

You can now buy epsom salts without the awful taste and nausea, by asking your druggist for a handy package of "Epsonade Salts" which looks and acts exactly like epsom salts, because it is real epsom salts combined with fruit derivative salts, giving it the taste of sparkling lemonade.

Try it when bilious, headachy or constipated. Costs but a few cents.

Warning! Don't just ask for "tasteless epsom salts" or you may get a soda imitation. Always ask for "Epsonade Salts" and look for the name, American Epsom Association.

TORCH APPLIED FACTIONS CLASH

(Continued from page one)

It is the wish of the British Government that the delegation be its guests, but it is believed in official circles that the Irishmen will probably prefer to live independently.

Optimism reigns in official seldom that the conference will be productive of peace. It was stated last night that negotiations probably will last over a period of several months and that the Irish delegation likely will be increased by financial and legal experts as "intricate financial and delicate constitutional points have to be settled."

Dublin Castle states that 82 dwelling houses were burned by incendiaries during the week end and 41 partially destroyed. Major O'Connor, the magistrate of Rochestown, County Cork, was kidnapped and shot last night. Constable Clarke was shot dead in Skibbereen.

The curfew patrol at Castle Island County Kerry, was attacked last night, three soldiers being killed and three wounded during the engagement.

The latest outrage was reported at 11:20 a. m., today, when a member of the Royal Irish Constabulary was shot at Edenberry, 50 miles west of Dublin. He was seriously wounded.

It is declared that the British Government will not consider sporadic acts of violence as truce violations, as it is realized that Mr. De Valera cannot exercise absolute control over isolated irreconcilables.

Kidney and Bladder Troubles HAVE TO GO

Clogged up Kidneys Deposits are Dissolved and the Toxins (Poisons) Completely Driven Out. Druggists Told to Guarantee it in Every Instance.

"Your very life," says Dr. Carey, "depends upon the perfect functioning and health of your kidneys so whatever you do don't neglect them."

Dr. Carey's famous prescription No. 777 known as Mairshroot is not recommended for everything, but we cannot too strongly urge its use if you suffer from annoying bladder troubles, frequent passing of water night and day, with smarting or irritation, brick dust sediment or highly colored urine, bloating, irritability with loss of flesh, backache, rheumatism or any other tendency to Bright's Disease, Diabetis or Gravel, for kidney disease in its worst form may be stealing upon you.

Don't wait until to-morrow to begin the use of this wonderful prescription if you have any of the above symptoms, Kidney and Bladder troubles don't wear away. They will grow upon you slowly, stealthily and with unfailing certainty.

Never mind the failures of the past if you even suspect that you are subject to Kidney Disease, don't lose a single day for—every good druggist has been authorized to return the purchase money on the first two bottles to all who state they have received no benefit.

VITALITY
Depends Upon Nutrition

If the human machinery is to function properly it must be properly nourished. It isn't so much a question of quantity as quality of the food eaten. Bread of the properly made sort, provides the greatest amount of food value.

The manner of making

CORBY BREAD

and the character of the ingredients of which it is made makes it the ideal diet---the perfectly balanced food ration. Every ingredient entering into every loaf of CORBY BREAD has been passed upon scientifically---IT IS ABSOLUTELY PURE.

With the assistance of the CORBY patented Dough Mixers it is possible to develop ALL THE GLUTEN CONTENT of the flour---what isn't possible by any other method. Therefore CORBY BREAD IS

100 Percent Pure, and
100 Percent Nutritious

—and is exactly what you need to sustain and promote vitality. Just think how important this is for the growing youngsters—and what it means to give them CORBY BREAD.

Made right here in Alexandria, and delivered fresh from the ovens to your grocer or delicatessen.

Pure as Mother Made It

CITY NEWS IN BRIEF

Mrs. E. V. Regester left yesterday for Virginia Beach, where she will spend the remainder of July and the month of August.

P. F. Marbury, president of the board of aldermen, continues seriously ill at his residence in Prince street.

The M. E. Church South Sunday School baseball team tomorrow afternoon will cross bats with the team of the Second Baptist Church Sunday School.

Mrs. Martin E. Greene and daughters, Regina and Carroll, left a few days ago for Round Hill, Va., where they will spend several weeks.

B. Weil and wife have sold to William L. Lyons and Henry G. Lyons the building on the east side of Pitt between King and Cameron known as 119, 121 and 123 North Pitt street.

Miss Susie Thompson of Warrenton, Va., who has been visiting the family of her brother, Mr. R. E. Thompson, in this city, returned to her home this morning, accompanied by her sister-in-law and little niece

Liberty Rebekah Lodge No. 16, Odd Fellows, tonight will install the newly elected officers of that lodge. A short musical program will precede the installation after which refreshments will be served.

The Salvation Army needs your help to give 100 children of Alexandria, a big day at Marshall Hall, on August 8th, 1921. Please send your contributions to the Salvation Army, 321 King street.

Rice, district deputy grand patriarch; Harvey Wade, chief patriarch; G. J. Minor, senior warden; W. M. Topping, junior warden; G. W. Bontz, sr., treasurer. Following the installation refreshments were served.

CATHOLIC WOMEN MEET AT SEA SHORE

Atlantic City, July 12.—Close to a thousand delegates to the triennial convention of the Ladies Catholic Benevolent Association from all sections of the country arrived here this afternoon and evening. The sessions of the convention will begin tomorrow morning on the Steel Pier.

NURSING SERVICE IS RAPIDLY EXPANDING

This American Red Cross Work Flourishing in Small Towns Throughout Country.

More than 37,000 graduate nurses have been enrolled in the American Red Cross to date and its department of nursing is daily increasing this enrollment.

The department of nursing has been authorized to maintain an adequate reserve of nurses for the army and navy. It will continue to supply the needs of the United States Public Health Service to which it has assigned more than 1,000 nurses in the last year.

It will assist in establishing proper nursing service in foreign countries where the American Red Cross has organized hospitals, dispensaries and schools for nurses. Courses in home hygiene and care of the sick have been started for thousands of women who have never received any education in this direction. Rural nursing which was in its infancy a short while ago has been put ahead at least a decade through the work of the department of nursing and local Red Cross chapters.

Public health nursing has been extended to many rural communities and now flourishes actively in hundreds of small towns and counties. Nearly a thousand efficient nurses have already been assigned to this kind of work.

The department of nursing is uniting with other organizations in a year's campaign in recruiting nurses for training schools, in educating the general public as to standards of nursing education and in showing communities their responsibility toward schools of nursing. It will endeavor to meet all these needs as well as to continue the enrollment of dietitians who will be utilized as instructors in home dietetics, in developing nutritional clinics, and in supplying dietitians for the United States Public Health Service and the civilian hospitals.

The Nursing Service will continue to offer to women and young girls the opportunity of securing instruction in home hygiene and care of the sick in every community in the country. This instruction has not only laid the foundation for public health but in some places has given impetus to the establishment of hospitals and community school houses.

"As a community profits by the work of the nurse," says Miss Clara D. Noyes, director of the department of nursing, "it is logical that the community should be aroused to its responsibility. The American Red Cross stands ready to help in a general campaign of recruiting and must have the support, sympathy and understanding of the medical profession as well as the intelligent co-operation of the people at large."

HOME SERVICE FOR EVERYBODY IN NEED

Do you know what the present day Home Service of the American Red Cross is?

Many people do not know that besides completing the work for ex-service men, especially the disabled, it provides the same neighborly service to families in general that it formerly gave families of soldiers, sailors and marines.

"Home Service covers a wide and varied field," says Frederick O. Munroe, general manager of the American Red Cross. "It gives aid to families in solving such problems as budget planning, marketing, tiding over times of financial stress, keeping children in school, helping crippled children, widowed and deserted mothers, children backward in school and children in conflict with the laws. It renders service to the homeless and transient, to the illiterate, to tenement dwellers, to the unemployed, and gives friendly assistance and advice to foreign speaking groups."

In addition to helping families in the solution of their own problems, Home Service helps in strengthening the weak spots in the social life of communities. It joins hands with others to make communities safer, healthier and happier.

Organizing action along lines in which the community is already interested is one of the objects of Home Service. It has established community meetings, patriotic celebrations, pageants and picnics. Rest rooms, recreation facilities, play supervisors and moving pictures have been provided. Through Home Service other agencies are influenced to bring about improved commercial amusements and better school facilities and to promote traveling libraries as well as to secure county agricultural and home demonstration agents.

If you need assistance at any time, go to the secretary of the nearest Red Cross chapter and describe the situation. Your confidence will be sacredly respected and every possible effort will be made to aid you.

American Red Cross Roll Call.

The Fourth Annual Roll Call of the American Red Cross will be held this year from Armistice Day, November 11, to Thanksgiving Day, November 25, inclusive. During this period the men and women of the United States will pay their annual dues and renew their membership.

(Continued from page one)

ed by the State Highway Commission. In other words, I think the program which has been outlined in accordance with previous acts of the Legislature designating our Little River Turnpike as one of the preferred highways for improvements is the most logical and the most needed one in Northern Virginia and I am opposed to, and if elected to the Legislature, I shall fight to the extent of my energy and ability any movement, proposition or agitation which seeks to change the said route.

I understand that the Directors of the Lee Highway have requested the State Highway Commission to recommend a change of Route No. 6, so that it will lead out of the District of Columbia over the new Key Bridge now in the course of construction between Georgetown, D. C., and Rosslyn, Virginia, thence through the upper part of Arlington County into Fairfax, there to connect with our Little River Turnpike, cutting off entirely the City of Alexandria and the surrounding vicinity. It might be justly contended by the Lee Highway Directors that this would afford a more direct route for tourists from the North, but inasmuch as we, the taxpayers of Virginia, must share the burden of paying for this highway, it certainly appears that it is to our advantage to spend our money on a highway which will do the taxpayers of this section the most good.

Without arguing the respective platforms of the several candidates for the Legislature from this district, I wish to call attention to the fact that should the highway in question be changed it would pass through the upper part of Arlington County and it is reasonable for me to assume that my opponent from that section would favor the change suggested. And I think it is the duty of your organization and all good citizens to take that matter into consideration before forming any definite conclusion as to the candidacy of the respective aspirants.

I thank you for giving me this opportunity to make a public statement of my position on this matter, and I assure you that I shall be glad at any and all times to give you a frank statement of my whole platform touching the interests of the people of this Legislative District or the State at large.

Sincerely yours,
CHARLES HENRY SMITH.
July 7, 1921.

Mr. W. A. Smoot, President.
Alexandria Chamber of Commerce,
Alexandria, Virginia.
Dear Sir:

Your letter of June 24 relative to the State Highway from Alexandria to the Valley of Virginia received.

It is my belief that such a Highway will be more beneficial to the District composed of Alexandria city and Arlington County than any highway yet proposed.

I believe in the improvement of our roads and I am going to make this a paramount issue in my campaign.

If elected, I shall support Legislation, looking towards the construction of competent State highways in general and the Little River Turnpike Highway in particular, in the quickest possible time commensurate with a fair tax rate and shall especially devote attention to legislation for the most modern and business like methods of handling the State's finances in relation to roads so that the interests of the people may be properly safe-guarded against extravagance and waste.

The city of Alexandria should be opened up to the outlying farming districts by a direct route such as the one you have written me about. The whole country-side, including Frederick, Clarke, Loudoun, Fauquier and Fairfax Counties will be opened up to a broader scope of business and establish direct touch with deep water facilities. With Alexandria as a terminal, it will afford the people the opportunity to secure fresh food stuffs, etc., as well as the advancement of other business projects.

Transportation is the most important problem in the country today and it is only right and proper that people relying upon produce should have excellent roads over which it can be conveyed to them. A movement of this sort, naturally belongs to the public highways, and in order that the public may be best served, good highways must always be in evidence.

Also, this Highway from Alexandria to the Valley of Virginia would benefit the thousands of tourists who visit the historic places in the State of Virginia every year.

I realize that this is a matter of great importance to the city of Alexandria and a major portion of Arlington County and it is with a great deal of pleasure and appreciation on my part that I am permitted to give off an expression of this sort to your august body.

If any change takes place in the proposed program of the State Highway's Commission relative to this particular Highway, I will ask the opinion and advice of the Alexandria Chamber of Commerce before proposing a remedy to the agitation.

I am not a candidate of any section or any faction but appeal for the support of all my fellow-citizens regardless of their factional differences.

I have the honor, Gentlemen, to subscribe myself

Very Obediently Yours,
E. W. JORDAN.

economically unwarranted and politically judicious.

"Postponement," it added, "is merely a subterfuge, a play for time, through which its enemies hope ultimately to defeat the measure."

Secretary Mellon's "diatribe," the statement said, is nothing more than a "mere rehash of the objections long ago interposed by his predecessor in office, former Secretary of the Treasury Houston."

"There is nowhere in the Mellon statement," it added, "any reasonable justification for the theory that a bill, not designed to become financially operative until July 1, 1922, would ruin the country if passed now, but be safe and sound if passed in November or December."

SUN AND DROUGHT PROVE TO BE MOST POTENT PROHIBITION TEAM

Lexington, Ky., July 12.—Thirty or sixty days from now, if the sun shines there won't be any moonshine still. That is if the sun keeps shining with the same degree of heat that has marked its "dry" activities for the past few weeks, it became known today.

Continued hot weather and lack of rain has caused an involuntary slump in the activities of moonshiners in the Eastern Kentucky mountains that may result in a return to war-time prices for corn liquor, according to Deputy United States Marshal Dave Reagon of Frankfort, and H. C. Caudle, of Hazard, who were in Lexington to confer with State Prohibition Director Samuel Collins.

In the winter and spring months, these officers say, "wet weather" branches are to be found in every ravine that will furnish sufficient water to operate a still, but since the present drought has been in effect only the larger streams furnish sufficient water for moonshining purposes and many of the stillers are taking an enforced vacation along with the prohibition agents. Deputy Marshal Caudle reported that a still was raided in Knott county recently where a large well 15 feet deep had been dug in a hillside to obtain water.

Wells are being used at other places by moonshiners and distarns in some yards have been exhausted. Mountain streams have been dry for weeks, working at great "handicap" to moonshine stills' gurgle which drives practically every mountain county.

When there's quick baking to be done

IN fact, the New Perfection Oil Cook Stove does all kinds of cooking perfectly and economically. With a New Perfection Oven it is possible to bake the fluffiest of cakes and light, crisply-browned biscuits.

Note the long blue chimney on each New Perfection burner. This provides a draught which drives clean heat produced by the white-tipped flame forcibly against the cooking utensil, without sooting it. Soot is simply good heat gone to waste.

And remember that the white-tipped flame gives the most heat. Through the mica door in the chimney you can always see the flame and wick and adjust them in a second.

Busy housekeepers appreciate the small amount of attention that the New Perfection requires. No coal or wood to bring in, no ashes or litter to sweep up and take out. It stands up well above the floor and you can dust under and around it in an instant. Select the four-burner size with cabinet top and New Perfection Oven. It is made also in five, three, two and one burner sizes for any who prefer them.

You will always get perfect results from your oil stove if you use Aladdin Security Oil—it's pure kerosene.

New Perfection Oil Cook Stoves are sold at most department, furniture and hardware stores.

GIRLS! BLEACH SKIN WHITE WITH LEMON

Squeeze the juice of two lemons in to a bottle containing three ounces of Orchard White, which any drug store will supply for a few cents, shake well, and you have a quarter pint of harmless and delightful lemon bleach. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day, then shortly note the beauty and whiteness of your skin.

Famous stage beauties use this lemon lotion to bleach and bring that soft, clear, rosy white complexion, also as a freckle, sunburn, and tan bleach because it doesn't irritate

Straw Vote Taken On Medical Merger

Charlottesville, Va., July 12.—Declaring that the obvious purpose of the recent action of Dr. Stuart McGuire and Dr. Beverley R. Tucker in taking a straw vote of the physicians of the state on the question of location of the single state-supported medical school was to over-awe the legislature officials of the Association for the Retention of the Medical School and Hospital at the University of Virginia claim that the action is inconsistent with the majority report of the Medical Commission.

They call attention to a paragraph of this report which reads as follows: "The Commission desired to learn the wishes and views of the medical profession of the State, and this could have been done either through a request to the Medical Society of Virginia or by a personal letter addressed to each practitioner in the State. The preponderance in the number of graduates of the Medical College of Virginia over those of the University of Virginia in the State, and the large number of doctors located in the city of Richmond, made the test seem unfair, so it was not attempted."

Members of the Charlottesville association claim that the voters were asked to read the majority report of the Medical Commission in order to vote with the evidence before them but that no intimation was given that here would be a minority report giving reasons for the location of the medical school at the University, supported by the great weight of expert testimony before the Commission.

SHE TOOK HER FRIEND'S ADVICE

Now is in the Best of Health Because she took Lydia E. Pinkham's Vegetable Compound

Detroit, Mich.—"I was not feeling well for several years and never was able to eat any breakfast and always complained of a headache or tired feeling which at times required me to stop my work and rest. I have never had a physician and never took any medicine for it until yours was recommended to me by a neighbor whom I used to visit frequently. I took four bottles of Lydia E. Pinkham's Vegetable Compound, and now I am in the best of health and enjoy doing my work every moment of the day. It surely put life and 'pep' into my system."—Mrs. L. M. DARRAS, 46 Howard St., Detroit, Michigan.

It is not always in business that a woman is forced to give up her work on account of ill health. It is quite as often the woman who does her own work at home. When backaches and headaches drive out all ambition, when that bearing-down sensation attacks you, when you are nervous and blue, the one great help for such ailments is Lydia E. Pinkham's Vegetable Compound.

LIVE NEWS from ROSEMONT DEL RAY BRADDOCK MT. IDA ST. ELMO

Miss Mattie E. Goodwin, of Washington, D. C., is the guest of Mr. and Mrs. J. W. Cawmen, on Porter Avenue, Del Ray.

Mrs. Emma L. Buell and grandson, Harold Buell, of Windsor Avenue, Del Ray, have gone to Sheffield, Ala., where they will spend the summer in the home of her son, Mr. Ralph Buell.

Miss Catharine Ferren, of Baltimore, and Mrs. W. B. Coates, and daughter, Edith, of Washington, were guests of Mrs. H. Young, in St. Elmo, last Friday.

Rev. J. I. McCutcheson, of Leesburg, Va., preached both sermons in Del Ray Baptist Church on Sunday, and had a fair sized and attentive congregation.

Mrs. James Harmon and daughter, Maria, and Mrs. David Glascock of Braddock, are attending the Lady Maccabees in convention at Portsmouth, Va., this week.

Miss Ruth Cawman has returned to her home in Del Ray, after a short visit to relatives in Newington, Va.

Mrs. Owen L. Keys and children, have returned to their home in St. Elmo, after a pleasant week's visit in the home of her father, in Smithfield, Va.

Messrs. Arnold and Willis Lillycrop, of Washington were guests in the home of Mr. Henry Spivey, in Braddock on Sunday.

The well attended morning service of Del Ray M. E. Church heard a very good sermon on "The Miracle of the Loaves and the Fishes" from Mark 36:37, and delivered by Rev. Frank T. Griffith, of Washington. In the evening the pastor, Rev. J. R. Wood, praeched to a fair sized congregation, his subject being, "He Came Into His Own, And His Own Received Him First." John 1:11.

Remember, and try to attend the mid week prayer service on Wednesday evening in the M. E. Church, Del Ray.

Robert Yates, of Del Ray, enjoyed a delightful week end visit at the camp of Mr. John Gary and family at Chesapeake Beach.

Mrs. George J. Jaeger returned last Thursday to her home on Windsor Avenue, Del Ray, and is making good progress towards recovery from the operation which she recently underwent at the hospital in Alexandria.

After an absence of about a year in Ashland, Va., Mr. and Mrs. William Wood and little daughter, Phyllis, have moved back to their home on Windsor Avenue, Del Ray.

Mr. and Mrs. M. P. Davis, of Rosemont, with their niece, Marguerite Rogers, spent the Fourth and the week following in Strasburg, Va. where they visited an old friend and enjoyed the mountain air and scenery.

The Misses Ora and Lurye Dwyer of Del Ray, returned last Saturday from a week at home with their parents in Remington, Va.

Mrs. Fred Moris has been quite ill at her home in Del Ray.

Oscar Jaeger, of Del Ray, spent the week end in Silesia, Md., where he visited his uncle, Mr. Richard Stein.

Mrs. William Stuart Snow and little daughter, Barbara, left Rosemont Saturday for a few months' visit in Levington, Va.

Mr. and Mrs. Frederick Duvall and baby have recently moved into the home which they purchased on Walnut street.

Mr. G. W. Henderson, who has been confined to his home in Rosemont for the past two weeks, is much better and resumed his work this week.

Miss Ursula Haden returned yesterday to her home in Charlottesville, Va., after a deligthful visit of ten days in the home of Mrs. R. T. Hardin, in Del Ray.

Any one wishing transportafion for their children to the Vacation School at Mt. Vernon Place Chruch may communicate with Mrs. R. J. Yates, in Del Ray.

A party of twelve went by motor to Benedict, Md., last Thursday for a two days camping and fishing trip The roads were fine all the way and they caught an abundance of fish. The party included, Mr. and Mrs. R. T. Herdin and daughters, Mr. and Mrs. E. P. File and son, Mr. Dick Roberts, Mr. Gordon Rowzie of Del Ray, Miss Haden, of Charlottesville, and Mr. Howard Rhea, of Indian Head.

Captain M. R. Beede, of Washington, was the week end guest of Mr. D. C. Chambers, in Mt. Ida.

Mrs. Hugh Petty, who has been quite ill at her home in St. Elmo, is very much better this week.

Mrs. Marthe E. Adkins with her daughter, Miss Mary, and sons, John and Ernest, of La Verne Avenue, St. Elmo, entertained a home party for the week end on the occasion of the annual reunion of her children, grandchildren and great grand children. Those who came from out of town were, J. B. Adkins, his wife and son, from Florida, Mrs. Elizabeth Jefferson, Harold Jefferson Ernest Jefferson, Herman A. Jefferson and wife, W. E. Leslie and wife and James Ward from Philadelphia, and R. E. Adkins with wife and four children from Washington, D. C.

Think of a whole week in camp at a cost of only $5! Any boy or girl, age 14 to 24 years, who is a member of any of the Sunday Schools of Fairfax or Arlington counties may attend this camp at the nominal cost of five dollars. Bible training; athletics, under direction of E. Kirk Wallace; and all forms of camp and camp fire recreations will be enjoyed Under direction of Mr. and Mrs. Frank E. Israel; camp will be on Fair Grounds at Fairfax Courthouse, beginning Monday, July 18. Register at once, address Mrs. Frank E. Israel, Fairfax, Va. No elaborate dresses, or high hel shoes, camp uniform consists of middy and short skirt, with bloomers for athletics, for girls, for boys any dark shirt and old trousers. If you play any small instrument, bring it with you. Bring your own tin plate and cup, knife, fork and spoon, pair of blankets and small pillow, sweater rubbers, and rain coat bible, note book and pencil, towel, soap and soap box, comb, brush, tooth brush, and powder, and mending accessories. Wear only tennis or low heeled shoes, and if you play tennis, bring your own racquet and balls. Come and have a good time and form pleasant acquaintansces with other young folks, and all for five dollars.

Mildred L. Emerson
Gazette Correspondent.

STEEL WORKS CUTS HOUSE RENTS

Bethlehem, Pa., July 12.—The Bethlehem Steel Company today announced a 10 per cent reduction in rentals of large number of houses in this city, which are owned by the corporation, becoming effective August 1. The company states that the reduction is made in spite of the fact that rental advances by the company were comparatively low during the war period.

SPORTS

The Trinagle Sport Club Sunday won a forfeit game from the Yankee Reserves and by so doing won junior championship of Washington. Next Sunday the Trinagles will meet all fast teams from Washington. The Trinagle Sport Club claims the championship of Alexandria, Washington and vicinity. Teams wishing to arrange games can do so by letter only. Address H. E. Howard, 416 North Alfred street, Alexandria, Va. Davis, our star first baseman, was on the field for the first time in six weeks. Not enough can be said of our bat boy, Duckley Anderson. He has served the boys in every game this season. The Trinagle Sport Club has won 13 games this season, and lost but one.

The Trinagle Sport Club will practice today at 5:30 on the A. H. S. grounds.

Carl Dreifus, pitching for Spring Grove, Pa., Saturday won over York, Pa., in a 14 inning game, score 2 to 1 letting the latter down with six scattered bingles, walking three men. He was opposed on the mound by Ziegler, late of Penn state, considered one of the best twirlers in college ranks during the past season, who lost his game in the 14th on two singles and a sacrifice fly the game being a tie from the third session for all. The report in the Spring Grove paper represented Carl being imported from the Virginia State League, he arriving in the above city two hours before the game, and the box score shows Dreifus securing one bingle, and handling seven chances without an error

Richmond—The sum of $25,000 will be offered in prizes in the live-stock department of the Virginia State Fair, which will be held in Richmond October 1 to 8, inclusive.

DODSON SOUNDS CALOMEL'S DOOM

The 'Liver Tone' Man Warns Folks Against the Sickening, Salivating Drug

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with sour bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not salivate or make you sick.

BUICK

BUICK predominance among business men means but one thing—Buick is absolutely dependable. It has proved its dependability for twenty years.

You don't need to try out a Buick for dependability. That is universally known. But you should try out a Buick to realize its comfort, its power, how easy it is to operate. There's real pleasure in driving a Buick.

Forget All About The Usual

BLUE MONDAY

Wash day is the one day in the week that is almost universally dreaded and hated by the housewife.

And especially is this true during the hot summer months.

We are in a position to take away the trials of wash day and ironing day and still guarantee your laundry work to be as fresh and clean as if you had washed it yourself.

SPECIAL ATTENTION

TO

Finish Family Wash

We wash and iron the entire lot by the pound and return it to you ready for immediate use.

KELVINATOR

REFRIGERATION WITHOUT ICE

Kelvinator is an electrically operated home refrigerating unit. It fits neatly into the ice compartment of any standard refrigerator doing away entirely with the use of ice as a cooling medium.

Kelvinator is the modern mechanical substitute for ice the ice you have for years used in your refrigerator. Ordinarily one thinks of a substitute as something inferior to the original article. The cold produced by Kelvinator is superior in all points to that of ice. Kelvinator cold is a dry, crisp cold, free from the contamination of ice ponds, wagons and dusty street.

Automatically controlled, it keeps food at a steady refrigerating temperature, and at a daily cost of less than ice.

Kelvinator once installed requires no raw materials in its operation. The one thing necessary to Kelvinate your food and to supply your table with cakes of pure clean ice, is electric current and that is a small amount.

Kelvinator relieves you of one more household responsibility—the responsibility of watching your ice supply.

WHAT KELVINATOR DOES

Goes into the ice chamber of your own refrigerator.

Modernizes the home supplying mechanical refrigeration instead of ice.

Keeps your refrigerator colder than ice.

Keeps your refrigerator at a constant unfluctuating temperature—prevents the decay of foods.

Produces a dry, crisp cold. Melting ice keeps the refrigerator damp.

Prevents contamination from impure ice. All delivered ice is subject to contamination.

Reduces daily cost of refrigeration.

Produces cakes of pure, clear ice for table use, from your drinking water.

Operates by electricity alone—requires no water connections.

Operates automatically—starting and stopping as cold is required.

Makes you master of your own ice box.

LET US ESTIMATE ON WIRING YOUR HOME OR ON YOUR ELECTRICAL FIXTURES
